CYLINDER HEAD

Miro 130

An exploded view diagram of a cylinder head assembly. The central component is the cylinder head (17). Surrounding it are various parts including two valves (3 and 4), their respective retainers (6 and 7), springs (10 and 11), and cotter pins (5). Other parts include O-rings (2 and 15), washers (20), bolts (21), a spark plug (4), a filling thread plug (14), and rocker arm components (13 and 16). The diagram uses numbers 1 through 22 to identify each individual part.

HANDLE PIPE/HANDLE COVER

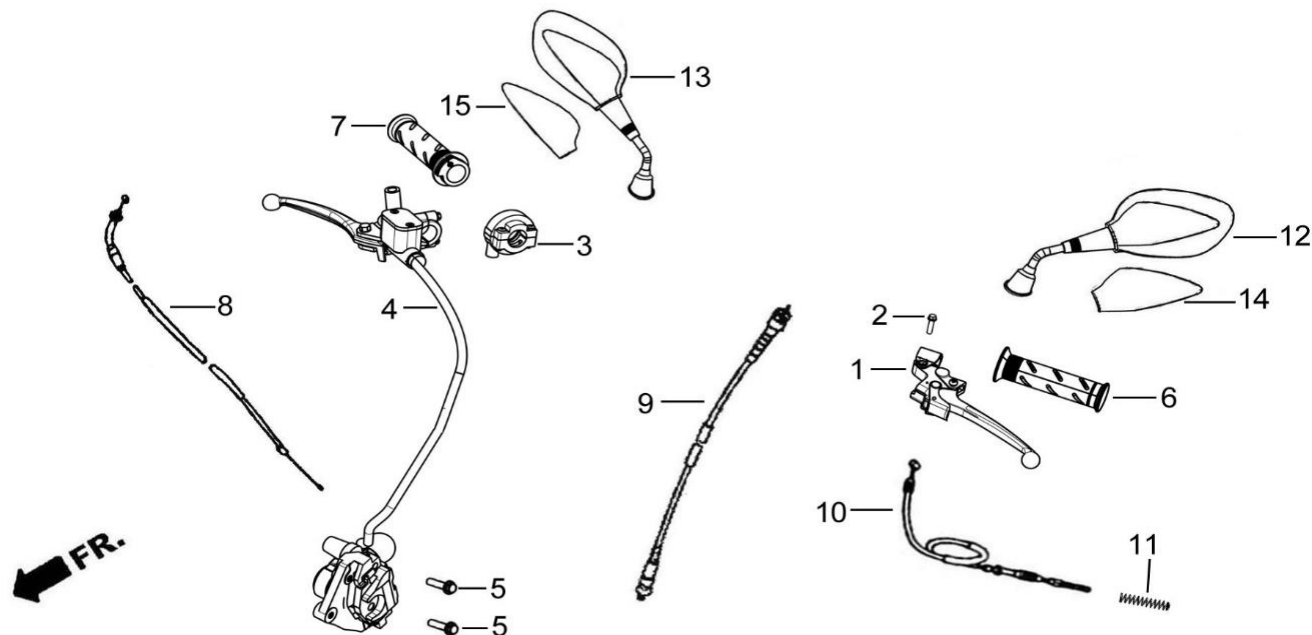

Miro130-III

The diagram illustrates the assembly of the handle pipe and handle cover. Key components include the handlebar (1), front cover (5), rear cover (6), and various fasteners like screws (7, 8, 10, 12, 13, 21) and clips (9, 14, 15, 16). The instrument cluster (23) is shown in an inset, and the handlebar cover (20) is shown in another inset. A blue arrow points from the instrument cluster inset to the handlebar cover inset.

AIR CLEANER

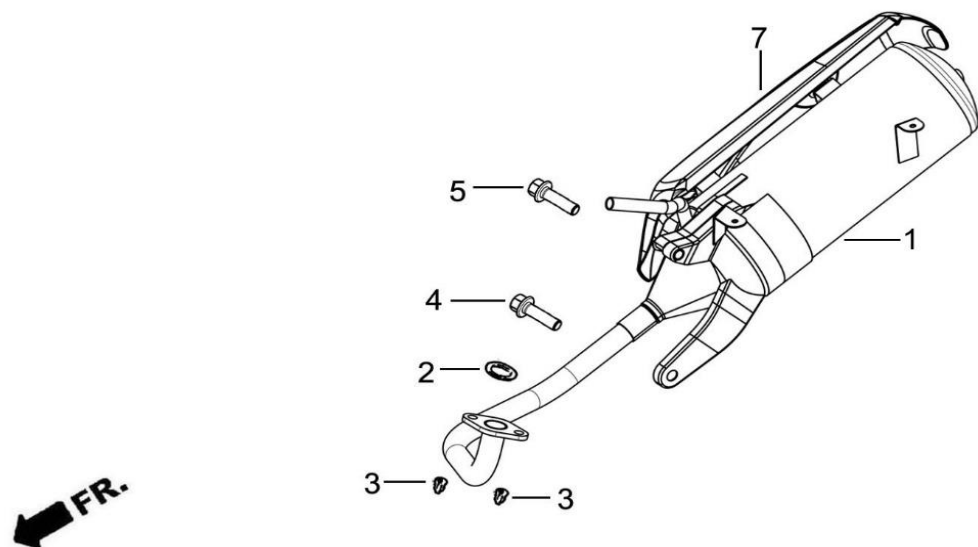

Miro130-III

An exploded view diagram of an air cleaner assembly. The main component, labeled 1, is a complex housing with a corrugated intake tube at the top and a flange at the bottom. Two bolts, labeled 2 and 3, are shown positioned to secure the bottom flange. A long, curved breathe tube, labeled 4, is shown below the main housing. An air filter element, labeled 5, is shown to the left of the breathe tube. A small bolt, labeled 6, is shown near the bottom of the breathe tube. An arrow labeled 'FR.' points towards the left, indicating the front of the assembly.
