E8

RIGHT CRANKCASE / OIL PUMP

MIRO110-II

An exploded view diagram of the Right Crankcase / Oil Pump assembly. The main component is the crankcase (4), a large cast metal housing. To its right are two long bolts (5) and a small joint (1). Below these are various smaller components: a pressure relief valve assembly (6, 7, 8, 13), a pump set (9), a chain (17), a separator (16), and various fasteners like bolts (10, 11, 12, 14, 15, 19, 20) and a nut (12). The diagram uses numbered callouts to identify each part.

AIR CLEANER

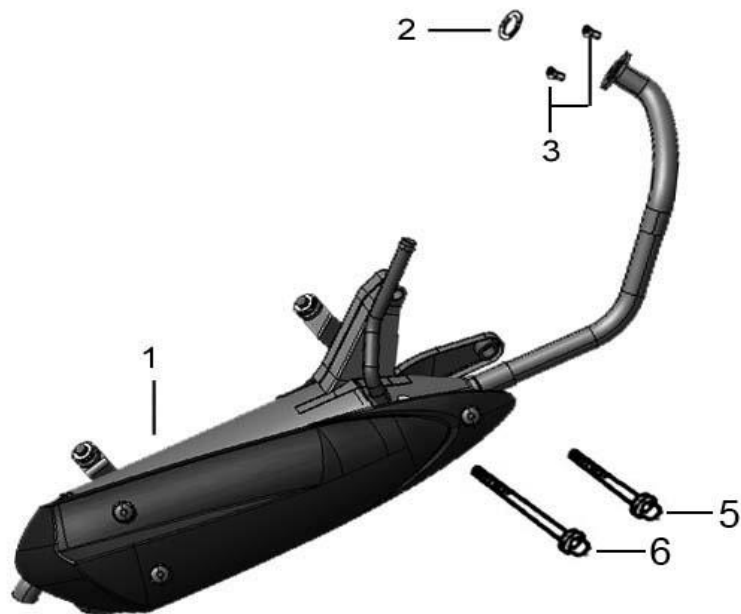

MIRO110-II

Exploded view diagram of the Air Cleaner assembly for MIRO110-II. The diagram shows the main air cleaner case (1) with various components labeled with numbers 1 through 13. A dashed line outlines the main assembly area. Component 13 is shown separately as a long, curved pipe. Component 12 is shown as a small plug. Component 9 is shown as a screw. Component 10 is shown as a spring. Component 11 is shown as a nut. Component 12 is shown as a plug. Component 13 is shown as a long, curved pipe.
